

August 16, 2006

Michelle spoke to our faculty and staff at our annual Fall Convocation. She revived our spirits and rekindled our passion for teaching and learning. Due to her outstanding motivational techniques, we are now committed to focusing on the positives in our lives and developing excellence in everything we do.

Some of the comments from attendees included:

“Just a note to properly acknowledge Michelle’s contribution to our kickoff of the new school year. We really appreciated her inspiring story, her knowledgeable approach to our tasks, and genuine delivery of the material. I cannot express adequately how much her message touched me on a personal level. In times of difficulty, I find a clear method of addressing the problems often makes the ‘out-of-control’ seem more manageable.”

“Thanks for bringing Michelle to Wallace State. Michelle’s message was uplifting and inspiring. She is awesome!”

Sincerely,
Lynn Harris
